## 2. INTRODUCTION

- 2.1 This policy has been supported by adopting the principles established by the Education Act 2002, and **'Keeping Children Safe in Education'** September 2021. ([Keeping children safe in education - GOV.UK \(www.gov.uk\)](#)). (See ADDEMDUM 1 for Summary of KCSIE 2021 updates – page 16).
- 2.2 The governing body takes seriously its responsibility under Section 175 of the Education Act 2002 to safeguard and promote the welfare of children; and to work together with other agencies to ensure adequate arrangements within our academy to identify, assess, and support those children who are suffering harm.
- 2.3 We recognise that all adults, including temporary staff, volunteers and governors, have a full and active part to play in protecting our students from harm, and that all students' welfare is our paramount concern.

- 2.5.3 To raise the awareness of all teaching and non-teaching staff of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse.
- 2.5.4 To provide a systematic means of monitoring students known, or thought to be at risk of harm, and ensure the academy contribute to assessments of need and support packages for those students. Senior Leadership oversight occurs at least termly.

(Referenced with KCSIE Part 3)

### **3. EQUALITY STATEMENT**

3.1 Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face. Wherever possible children are offered specialist support to ensure "their voice" is captured. Wherever the word "staff" is used, it covers ALL staff on site, including ancillary supply and self-employed staff, contractors, volunteers working with children and governors. We give special consideration to children who:

- 3.1.1 Have special educational needs or disabilities.
- 3.1.2 Are young carers.
- 3.1.3 May experience discrimination due to their race, religion, sexual identification or gender.
- 3.1.4 Have English as an additional language.

Following referral, the academy will ensure feedback from the local authority within 24 hours of a referral completed (Addendum 3). All potential outcomes are available for review (please see Addendum 3).

## **7. SUPPORTING CHILDREN**

- 7.1 We recognise that a student who is abused or witnesses violence may feel helpless and humiliated, may blame themselves, and find it difficult to develop and maintain a sense of self-worth.
- 7.2 We recognise that the academy may provide the only stability in the lives of students who have been abused or who are at risk of harm.
- 7.3 We accept that research shows that the behaviour of a student in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.
- 7.4 We will support all students by:
  - 7.4.1 Encouraging self-esteem and self-assertiveness, through the curriculum as well as our relationships, whilst not condoning aggression or bullying.
  - 7.4.2 Promoting a caring, safe and positive environment within the academy.
  - 7.4.3 Liaising and working together with all other support services and those agencies involved in the safeguarding of children.
  - 7.4.4 Notifying social care as soon as there is a significant concern (Addendum 2).
  - 7.4.5 Providing continuing support to a student about whom there have been concerns should he/she leave the academy assuming that appropriate information is copied under

confidential cover to the student's new setting and the academy medical records are forwarded as a matter of priority.

7.5 Early Help - We support children and their families by offering Early Help Support. The assistance is offered if a family requests this provision or professionals feel this is as a positive source of help when children and their families are in need. The family must consent to the referral, school staff play an active role in ensuring provision and assistance is delivered.

7.5.1 Addendum 4 – Early Help Referral Form

Please note that families at Macmillan Academy are encouraged to liaise directly with members of Middlesbrough Multi-Agency Children's Hub (MACH) to discuss worries. (Telephone: 01642 726004 – 8.30am-4.00pm, Monday-Friday).

## **8. DEFINITIONS**

8.1 Safeguarding and promoting the welfare of children means:

8.1.1 Protecting children from maltreatment.

8.1.2 Preventing impairment of children's physical and mental health/development.

8.1.3 Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.

8.1.4 Taking action when appropriate to enable all children to have the best outcomes.

8.2 Child protection refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

8.3 Abuse is a form of maltreatment of a child and may involve inflicting harm or failing to act to prevent harm. This also includes peer on peer abuse.

8.4 Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

8.5 Children includes everyone under the age of 18 years.

## **9. CONFIDENTIALITY**

9.1 We recognise that all matters relating to child protection are confidential.

9.2 The Head of School or safeguarding leads will disclose any information about a student to other members of staff on a 'need to know' basis only. Disclosure will be made to ensure ongoing close monitoring and support for the child.

9.3 All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.

9.4 All staff must be aware that they cannot promise a student confidentiality which might compromise the student's safety or wellbeing. Children are offered additional support when appropriate to assist with distress.

9.5 The academy will always undertake to share our intention to refer a student to

- 9.5.1 Social care with their parents/carers unless to do so could put the student at
- 9.5.2 Greater risk of harm, or impede a criminal investigation. If in doubt, we will
- 9.5.3 Consult with the LACPO for Education or MACH on this point.

**10. PROCEDURES TO FOLLOW IN THE CASE OF SUSPICIOUS ALLEGATIONS AND STAFF MAKING REFERRALS (including children at risk of being drawn into terrorism)** Anyone (not only education staff) can make a referral.

If the allegation involves a member of staff (in any context, including volunteers, procedures below should be followed:

**Addendum 2 - Tees Multi Agency Safer Referral Form**

- 10.1 Senior Management must be informed immediately, or in their absence the Chair of Governors, and keep a detailed written and dated record of the event. Staff should be reassured that they have immunity from 'whistleblowing' in good faith, (please refer to **Whistleblowing Policy**). Senior Lead must not undertake their own investigation prior to consultation with the LADO or the Police (in most serious cases), which must be, within 24 hours, one working day, of the allegation being received or suspicion reported. This will be without telling the subject of the allegation or suspicion. This process should avoid all unnecessary delays. In borderline cases or if the Senior Lead/Chair of Governors have any doubts about their decision to report, discussions with the LADO can be held informally and without naming the school or individual. (Safer Recruitment Policy, Staff Conduct/Tech Policy).
- 10.2 If the allegation is about the SDSL, it must be reported to Head of School. If the allegation is about Head Of School, they must be reported to the Chair of Governors, this contact must be made without the Head of School being informed. If the allegation involves the Chair of Governors the referral should be directly to the LADO
- 10.3 Immediate contact should be made with the LADO to discuss the allegation, consider the nature, content and context of the allegation and agree a course of action including any involvement of the police. Discussions should be recorded in writing, and communication with both the individual and parents of the child/children agreed. The School must consider carefully whether the circumstances of the case warrant suspension of the member of staff or whether alternative arrangements should be put in place. The School will give due weight to the views of the LADO and this policy when making a decision about this.
- 10.4 The following definitions should be used when determining the outcome of allegation investigations:
  - 10.4.1 Substantiated: there is sufficient evidence to prove the allegation;
  - 10.4.2 Malicious: there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive;
  - 10.4.3 False: there is sufficient evidence to disprove the allegation;
  - 10.4.4 Unsubstantiated: there is insufficient evidence to either prove or disprove the allegation. The term, therefore, does not imply guilt or innocence;
  - 10.4.5 Unfounded: to reflect cases where there is no evidence or proper basis which supports the allegation being made.

- 10.5 Since 1st October 2012, there are restrictions on the reporting or publishing of allegations against teachers. The School will make every effort to maintain confidentiality and guard against unwanted publicity. This restriction will apply to the point where the accused person is charged with an offence, or the DfE/TRA publishes information about the investigation or decision of a disciplinary case.
- 10.6 Staff need to be supported to challenge decisions by other agencies; therefore, Staff will be supported to follow through their concerns in respect of safeguarding children. Staff will be empowered to discuss matters with their managers and positively challenge other agencies to improve safeguarding arrangements for children and young people. When appropriate the Macmillan Senior Leadership Team will liaise with managers from outside agencies.
- 10.7 If a member of staff has concerns about Safeguarding Practices in School:
- 10.7.1 They should use procedures outlined in the Whistleblowing Policy.
  - 10.7.2 They may also seek advice from <https://www.gov.uk/whistleblowing>
  - 10.7.3 The NSPCC dedicated helpline is another useful resource (Tel 0800 028 0285 8am-8pm Mon-Fri or email [help@nspcc.org.uk](mailto:help@nspcc.org.uk))

### **CHILD ON CHILD ABUSE (KCSIE: Part five, 2021)**

- 10.8 If the allegation of abuse is against another pupil(s) (Peer on Peer Abuse including Child on Child Violence and Sexual Harassment):

Peer on peer abuse can result in significant harm and will always be taken seriously. It must not be contextualised, minimised or dismissed as 'normal growing up behaviour'. As such any report of child on child abuse must be acted upon using the school/local safeguarding policy / procedures and behaviour management guidelines.

Peer-on-peer abuse includes, but is not limited to:

- 10.8.1 Physical and sexual abuse
- 10.8.2 Sexual harassment and violence
- 10.8.3 Emotional harm
- 10.8.4 On and offline bullying
- 10.8.5 Teenage relationship abuse

It can even include grooming children for sexual and criminal exploitation.

Other forms include:

- 10.8.6 Upskirting (taking a picture under a persons clothing without their knowledge with a view to obtaining sexual gratification or causing the victim humiliation, distress or alarm).
- 10.8.7 Sexting (youth produced sexual imagery) (Tech Policy)

On Child on Child sexual violence and harassment we will:

- 10.8.8 Make clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up.
- 10.8.9 Not tolerate or dismiss sexual violence and sexual harassment as 'banter', 'part of growing up', 'just having a laugh' or 'boys being boys'.
- 10.8.10 Challenge behaviour (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia and flicking bras and lifting up skirts.
- 10.8.11 Not dismiss or tolerate such behaviours so as to avoid the risk of normalising them.

- 10.8.12 Understand that all of the above can be driven by wider societal factors beyond the school, such as everyday sexist stereotypes and everyday sexist language. This is why a whole school approach (especially preventative education) is important.
- 10.8.13 Ensure that the schools initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor will a victim ever be made to feel ashamed for making a report.
- 10.8.14 We will act on any reports or disclosures in line with this policy and refer to the Designated Safeguarding Lead or their Deputy.

*(KCSIE: Part five, 2021)*

*We will act on any reports or disclosures in line with this policy and refer to the Designated Safeguarding Lead or their Deputy.*

## 10.9 The Threshold for referrals:

- 10.9.1 Guidance places responsibility of making decisions about referrals on MACH and safeguarding staff within the academy. Borderline cases should be referred in line and with informal advice from the LSCB (LADO and Children's Hub) Guidance notes in KCSIE outline the importance of children receiving the right help at the right time to address risks and prevent issues escalating. It also refers to the importance of acting on early information and referring early signs of abuse, neglect and radicalisation, keeping clear records, listening to views of the child, reassessing concerns when situations do not improve, sharing information quickly and challenging inaction. Any member of staff can and should, make a referral for reconsideration if they feel the child's situation does not appear to be improving.
- 10.9.2 A failure to report externally by a school must be investigated by the local authority and, if justified, appropriate action taken (such action to be determined according to the legal framework).
- 10.9.3 A failure to report internally by staff must be investigated by the school and, if justified, appropriate action taken (this could range from disciplinary proceedings, a referral to the Teaching Regulation Agency or a referral to the Disclosure and Barring Service).

## **11. PROCEDURES TO FOLLOW IN THE CASE OF A DISCLOSURE:**

### **LISTENING TO CHILDREN**

- 11.1 Children who disclose to a teacher (or other member of staff) that they are victims of abuse must be listened to and heard, whatever form their attempts to communicate their worries take.
- 11.2 When recording an allegation or description of an incident, close adherence to the following points is crucial at all stages of an investigation, whoever undertakes this. At no point in the recording should a pupil be promised secrecy or confidentiality, either by implication or statement. The child should be reassured that the matter will be disclosed only to people who need to know about it. The support needs of a child who express concerns about significant harm should be considered and met, utilising resources within and/or beyond the school as necessary. This is in accordance

with the local procedures agreed with Middlesbrough Council and the Middlesbrough Children's Hub. Account should be taken of the age and understanding of the child and whether the child or other children may be at risk of significant harm.

11.3 Make timed and dated notes at the time of disclosure, these should then be discussed with Safeguarding Lead and uploaded to CPOMS

11.3.1 It should be factual.

11.3.2 It should not include personal comment or opinion;

11.3.3 It should include a verbatim account of anything said by the child

11.3.4 It should include any relevant background information (including dates, times, places, who was present etc.)

11.3.5 It should not include any leading questions.

11.3.6 It should reflect that the child is being listened to, not interviewed. This includes not suggesting that there are alternative explanations for their concerns or worries.

11.3.7 The child should not be interrupted when recalling significant events.

11.3.8 Care should be taken that assumptions are not made about what the child is saying, and in not seeking to make interpretations.

In addition:

11.3.9 Do not discuss the matter with parents/carers or the person accused of the abuse.

11.3.10 Do not discuss the matter with other staff members other than DSL.

11.3.11 The written record should be signed and dated by the person who received them and uploaded to CPOMS.

11.3.12 All subsequent actions should be recorded to CPOMS

11.4 In the case of pupils identified as being at risk of radicalisation, Macmillan Academy will consider the level of risk to identify the most appropriate referral. This could include Channel or Children's Social Care, e.g. Middlesbrough Children's Hub

11.5 Although decisions to seek support for a child in need, or about whom there are concerns relating to radicalisation, would normally be taken in consultation with parent(s) and pupil, their consent is not required for a referral when there are reasonable grounds to believe a child is at risk of significant harm.

11.6 In the case of FGM, from October 2015, it is mandatory for teachers to report to the police cases where they discover that an act of FGM appears to have been carried out or believe this is about to be carried out. Unless the teacher has good reason not to, they should still consider and discuss such a case with the DSL and involve children's social care as appropriate. Further information can be found in Female Genital Mutilation Guidance for Schools (June 2019).

## **12. PREVENT STRATEGY**

12.1 In addition to the procedures already covered in this policy in relation to protecting children from radicalisation and being drawn into terrorism, there are additional safeguards and procedures in place to safeguard children.

12.1.1 All visiting speakers, whether invited by staff or pupils, are suitably and appropriately supervised throughout their visit.

12.1.2 The School also has suitable levels of filtering and network monitoring to ensure that pupils are safe from terrorist and extremist materials. Regular checks are made on pupils' personal devices to ensure they do not use VPN's and this is reinforced in assemblies, PSHE, parental meetings and School correspondence.

### **13. PHYSICAL INTERVENTION**

13.1 We acknowledge that staff must only ever use physical intervention as a last resort, when a student is endangering him/herself or others, and that at all times it must be the minimal force necessary to prevent injury to another person.

13.2 Such events should be recorded and signed by a witness and passed to SLT.

### **14. ANTI-BULLYING**

14.1 The academy policy on anti-bullying is set out in a separate document and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures. This includes all forms eg. cyber, racist, homophobic and gender related bullying. A record is kept of all known bullying incidents. All staff are aware that students with Special Educational Needs & Disabilities (SEND) and/or differences/perceived differences are more susceptible to being bullied or victims of child abuse.

### **15. RACIST INCIDENTS**

Academy policy on racist incidents is set out separately, and acknowledges that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures. We keep a record of racist incidents.

### **16. HEALTH & SAFETY**

16.1 The academy Health & Safety policy, set out in a separate document, reflects the consideration we give to the protection of our students both physically within the school environment and when away from the academy undertaking academy trips and visits. (Link)

### **17. MONITORING AND EVALUATION**

17.1 The academy child protection and safeguarding policy and procedures will be monitored and evaluated by:

17.1.1 Governing Body visits to the school

17.1.2 SLT 'MBWA' and discussions with students and staff

17.1.3 Student Voice (survey)

17.1.4 Scrutiny of attendance data

17.1.5 Scrutiny of range of risk assessments

17.1.6 Scrutiny of Executive/SLT/Governing Body minutes

17.1.7 Logs of bullying/racist/behaviour incidents for SLT and governing body to monitor

17.1.8 Review of parental concerns and parent questionnaires.

## **18. COVID**

18.1 The principles for reporting concerns about students remain the same for staff working in school or remotely:

18.1.1 Report any concern you have immediately to the on-duty team member, do not delay.

18.1.2 Log all concerns on CPOMS, but do not rely on this as a method of communication.

18.1.3 Stay vigilant and don't be worried to ask or pass on a concern no matter how minor it may seem.

## **ADDENDUM 1**

### **Summary of changes: Keeping Children Safe in Education 2021**

There are substantial changes to [Keeping Children Safe in Education](#) (KCSIE) this year, which will apply from 1 September 2021. Below is a table of the substantive changes, we will not repeat them in full. Instead, a brief summary is set out below:

- **Who is this guidance for?** There are changes to who should read / receive a copy of particular Parts of KCSIE.
- **Part 1:** Safeguarding information for all staff. In particular, there are changes as to what staff should be aware of and look out for, including peer on peer abuse; child criminal or sexual exploitation; the risk of online abuse; the sharing of nudes; and mental health concerns.
- **Part 2:** The management of safeguarding. There are substantial changes to Part 2. This includes changes to emphasise the need for a whole school approach to safeguarding; strengthened systems that should be in place; added information that schools should include in their child protection policy; clarity about powers to hold and use information; emphasis on online safety, including the importance of training for staff and what children should be taught; new paragraphs regarding safeguarding requirements when letting / hiring the school land; and new paragraphs regarding elective home education.
- **Part 3:** Safer recruitment. The DfE states that the whole of Part 3 has been substantively restructured to align it with the recruitment process, but that the legal duties have not changed. It provides various clarifications, including when certain checks should be carried out.
- **Part 4:** Allegations made against / concerns raised in relation to teachers, including supply teachers, other staff and contractors. This Part has been separated into two sections: the first for allegations that may meet the threshold, and the second for allegations / concerns that do not (i.e. low-level concerns). Further information is provided in relation to handling either type of allegation.
- **Part 5:** Child on child sexual violence and harassment. There is updated information in this Part, including in relation to responding to and managing a report, and supporting a victim or someone who has made allegations. This Part should be read alongside the separate updated DfE 'Sexual violence and sexual harassment' advice.
- **Annexes:** New information and guidance has been added. This includes (at Annex A) a new condensed version of Part 1 of KCSIE – it can be provided (instead of Part 1) to those staff who do not directly work with children, if the governing body or proprietor think it will provide a better basis for those staff to promote the welfare and safeguard children.

## ADDENDUM 2

**TEES MULTI AGENCY SAFER REFERRAL FORM**  
**SITUATION, ASSESSMENT, FAMILY, EXPECTED RESPONSE, RECORDING**

**Children’s Social Care operates a multi-agency approach to supporting children, young people and their families. Across the Tees Valley, County Durham and North Yorkshire Multi Agency Safeguarding Teams are in place working together to safeguard children. These teams include the Police, health services and other relevant agencies who share information and support the social care decision making process. All information shared is proportionate and appropriate to the level of need of the child. For the avoidance of doubt, information can and will be shared in these multi agency teams to get the right support to meet a child’s needs at the right time. Children’s Social Care operates within the context of Working Together to Safeguard Children and is GDPR and Data Protection ACT 2018 compliant.**

**When do you need to use this form?**

This form should be used to request support for a child who has suffered or is at risk of suffering significant harm; where you believe they are unlikely to achieve or maintain a reasonable level of health or development without the provision of a social work service. This is Level 4 of need.

**What do you need to do?**

- Discuss your concerns with the child and family if appropriate and where you can, gain their consent.
- Where you are able, reflect on the right support at the right time with your agency’s safeguarding lead to determine that a request for a social work service is the most appropriate response for the child.

**What is the level of need? (To ascertain the level of need based upon the information you have, consult your threshold document at: <https://www.teescpp.org.uk/safeguarding-procedures/2-early-help/>)**

| Level of Need | Level description / response  | Referral Pathway              |
|---------------|---|-------------------------------|
| <b>1</b>      | A child whose needs are being met, or whose needs can be met by universal services  | <b>Universal Services</b>     |
| <b>2</b>      | A child with additional needs that can be met by a single agency providing additional support or by signposting to an additional agency – complete an early help assessment (EHA) ( <a href="https://www.teescpp.org.uk/safeguarding-procedures/2-early-help/">https://www.teescpp.org.uk/safeguarding-procedures/2-early-help/</a> ) | <b>Early Help</b>             |
| <b>3</b>      | A child who would benefit from a coordinated response from multiple agencies – complete an Early Help Assessment (EHA)  | <b>Early Help</b>             |
