

# ART - YEAR 8

## **Birds- 2D to 3D**

This term you will learn how artists are influenced by nature and how art can celebrate our natural heritage. You will develop your skills in order to accurately document British garden birds. You will have the opportunity to experiment with 2D materials and translate observations and ideas into 3D materials. You will gain an insight into art and consumerism. This half term you will learn how to use a variety of drawing methods and techniques enabling you to capture the character of birds and observe them in detail. You will also develop a design that could be used to create giftware.

## **Birds- 2D to 3D (continued)**

This half term you will utilise the observational skills developed last half term to render a bird sculpture; you will do this through planning a design and translating it into 3D by manipulating paper.

## **North East Landmarks**

You will learn about and document local landmarks. To support you to do this you will explore the work of local artists and experiment with recording your ideas using immediate and experimental methods. You will also learn how to depict the landscape using perspective to create the illusion of distance and atmosphere. This half term you will develop your sketching skills and learn how to render accurate perspective. You will explore pen and ink.

## **North East Landmarks (continued)**

This term you will make links to David Hockney and you will develop your painting and digital skills.

## **ART HISTORY SUPERHEROES ILLUSTRATION AND CONTEXT**

This is your opportunity to research an artist in detail. You will develop your understanding of POP ART and learn how to draw a figure in proportion. You will use your imagination and develop a concept to communicate your new understanding. This half term you will learn how to draw the human figure in proportion and research an artist to transform into a superhero.

## **ART HISTORY SUPERHEROES ILLUSTRATION AND CONTEXT (continued)**

This term you will learn about the weight of line, formulate and translate your ideas into a superhero.
